**How to use**

Remove residues of old paintings and rust.

Slightly sand and prime if necessary.

Mask off areas not to be painted.

The surface has to be clean, dry and fat-free.

Before use, shake can for 3 minutes.

Test colour of spray and compatibility of the lacquer at an invisible spot.

Spray a thin coat from a distance of approx. 25 cm. Then repeat to spray one or two more thin layers in 1 minute intervals.

Do not spray over synthetic paints!

**Environmentally sound**

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

**Disposal**

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

**Marking/Labelling**

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.
